SATPRO_Msg

Messages

The MSG, message area is located at the bottom of the form, as shown in the image. The SATPRO sends several error messages:

- **Link Error:** Data link issue
- **BATH:** High battery
- **BATL:** Low battery
- **TEL:** Telemetry issue
- **FS:** Fail Safe
- **VCCL:** Low battery voltage <14.V
- **VCCH:** High battery voltage >16.9V

These messages help in diagnosing and troubleshooting any issues with the SATPRO system promptly.
